## After Care Program

St. Teresa Regional School is happy to offer an After Care Program as a convenience for our families. The program offers free time inside or outside, games and structured play, and crafts. Older students may use free time to study and do homework. **Parents, please be aware that this time does not replace homework and study time at home with your child.**

Children may stay for a portion of the afternoon or the entire time. Students have the opportunity to socialize and interact with their peers and parents can feel secure that their children are safe, well supervised and being cared for in a loving environment.
